

Brewtique - Signature Keg Coupler range

Brewtique is very pleased to partner with TOF srl from Italy.

TOF was established in 1948 in Lake Orta, Italy: An area with a long standing tradition in metal-working excellence. TOF continues to proudly produce and assemble its world class components at its 3 state of the art Italian production plants.

- Wholesale prices on Premium European keg couplers.
- Designed and manufactured in Italy by recognised world leader.
- 304 grade S/S probe – Suitable for beer, cider, wines and all beverages.
- A, D and S type options - 5/8" BSPP threads on product and gas.
- A and D type available with or without pressure relief valve.
- Premium Ergonomic handle fitted.
- Each coupler comes individually packaged.
- Backed by local expertise and a range of quality spares and accessories.
